Food & drink

We recognise that food and drink is key to a successful event. And at The Carlton our team will deliver on fresh food, that is honest, tasty and well presented.

Along with our rooms, food and drink is available 24/7, all year round. Locals and non residents are very welcome at the hotel.

Why not indulge in a latte or cappuccino, or start your day with a simple, hot bacon roll, or a complete fully cooked breakfast offering. Lunches range from simple, traditional working lunches, through to formal banquets. And with evening events you can enjoy dinners, formal and relaxed buffets, together with quirkier street and bowl food options. And don't forget our range of mid morning and afternoon treats from our own bakery.

We use the best in local food and drink in our menu and service. We are proud to support growers, farmers, producers and distributors from the west of England.
